RE: Degree program planning for Specialist students

Welcome to the College of Education!

These materials are designed to assist you in planning the work for your degree, including your academic program of study.

The first thing you are advised to do is become thoroughly familiar with the Graduate Bulletin. The sections that you should be most concerned with are the portions dealing with Graduate Studies and the College of Education. In addition, consult with your advisor/major professor to obtain information about department policies and requirements and follow the directions for planning your degree program. If you have any questions regarding this information, contact the COE Graduate Director, Lisa Beverly at lbeverly@fsu.edu or (850) 644-3760.

Deadline dates are online at http://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students. You are advised to check the OASIS website frequently as these dates are subject to change.

It must be emphasized that preparing and following a correctly planned degree program is the responsibility of each graduate student. The major professor, committee members, and the others are eager to give all assistance possible, but the responsibility rests with the student.
1. **Supervisory Committee:** The supervisory committee should be formed within the first semester. When selecting the members of your supervisory committee, students need the consent of the major professor. The Specialist supervisory committee must consist of a minimum of 3 members. Two members, including the major professor, must be from the major in which the student will receive a degree. The third member may be from the major department or another department within the college. All 3 members must hold Graduate Faculty Status (GFS).

2. **Program of Study:** A signed program of study must be submitted to The Office of Academic Services and Intern Support (OASIS) by the end of the second semester of enrollment. It is necessary to list the semesters and years courses were taken in chronological order (past to present) to determine that the university, department and college requirements will be met. Program of study templates may be found at [http://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students](http://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students). It is the student’s responsibility to make sure that he/she has met all degree requirements.

3. **Program Type:** There are two (2) types of Specialist degrees in the College of Education, the course-track and the thesis-track. Course-track programs typically culminate with a Specialist Comprehensive Exam or Portfolio Defense in the final semester. Thesis-track programs include credited thesis hours and culminate with a thesis defense in the final semester.

4. **Minimum University Semester Hour Degree Requirements.**

5. **Limitations:**

   a) Credit earned more than seven (7) years prior to graduation may not be used toward the degree.

   b) Credit earned as a non-degree seeking student does not carry graduate degree credit. However, if approved by a student’s supervisory committee, up to 12 semester hours of non-degree seeking student graduate level credit, graded “B” or better, may be used. It is the student’s responsibility to list such non-degree seeking student credit on the program of study.

   c) A maximum of six (6) semester hours of graduate transfer credit may be used towards a graduate degree. Departments will evaluate all transfer credit. It is the student’s responsibility to list such transfer credit on the program of study and to provide an official transcript from the institution.

   d) Please NOTE: No student may be awarded more than 12 hours of combined non-degree seeking student and/or transfer credit. This means that a student wishing to post six (6) hours of graduate credit, which has not been posted under a previous degree, can be awarded no more than six (6) hours of non-degree seeking student credit.

   e) Credit hours for courses graded below “C-” will not apply toward the degree, but are computed in the graduate GPA.

   f) A maximum of six (6) hours of 4000-level credits may be included in the program of study. Undergraduate level coursework cannot be used to meet the College minimum hours requirement or the graduate GPA.

   g) Supervised research credit: maximum 3 semester hours.

   h) Supervised teaching credit: maximum 3 semester hours.
6. **Teacher Certification:** If you are seeking teacher certification in a degree program which provides such, you must submit a Graduate Application for Admission to Teacher Preparation to the Graduate Director, 2301 Stone. See [http://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students](http://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students) for an application.

7. Specialist students must register for and complete either the **Specialist Comprehensive Exam** or **Specialist Thesis Defense** in order to graduate.

8. **Graduation:** Students must apply for graduation online (*Login at my.fsu.edu - from the “my academics” tab select “more…”, then Apply for Graduation.*) during the **FIRST TWO WEEKS** of the semester in which graduation is planned. Notify the Graduate Director if you do not plan to graduate during the semester for which you have applied.
