

## CURRICULUM VITAE

### Hwang, Hyun Seok, PhD

Department of Nutrition, Food and Exercise Science  
Florida State University  
209 Biomedical Research Facility  
107 Chieftan Way  
Tallahassee, FL 32306  
Email: hhwang2@fsu.edu

### Research Interest:

“Exercise-induced cardiac sudden death” - Ca regulation in oxidative stress-induced arrhythmogenesis and contraction dysfunction in chronic heart disease.

### Education:

<b>Vanderbilt University</b> , Nashville, TN	Post-doc	2007– 2012	Clinical Pharmacology
<u>“Exercise-induced cardiac arrhythmias and cardiac sudden death”</u>			
<b>The University of Michigan</b> , Ann Arbor, MI	PhD	2007	Kinesiology
<u>“The effects of aldosterone antagonism and hawthorn on pathological remodeling of the heart”</u>			
<b>The University of Texas</b> , Austin, TX	M.S	2002	Kinesiology
<u>“The Interaction of Heavy Resistance Training and IGF-I Over Expression upon Muscle Fiber Type Distribution”</u>			
<b>Seoul National University</b> , Seoul, Korea	M.Ed.	1997	Physical Education
<u>“The Effect of Dehydration on the Prolonged Time of Exercise and Cardiorespiratory Function”</u>			
<b>Seoul National University</b> , Seoul, Korea	B.S.	1995	Physical Education

### Academic Appointments:

#### Florida State University

Assistant Professor **July, 2015 - Present**  
Department of Nutrition, Food and Exercise Science

#### Vanderbilt University

Visiting Assistant Professor **July, 2015 - Present**  
Department of Medicine

Research Instructor **July, 2012 – June, 2015**  
Department of Medicine

Research Fellow **July, 2007 – June, 2012**  
Department of Medicine

### **The University of Michigan**

<u>Graduate Student Research Assistant</u>	2006
<u>Graduate Student Instructor</u> Exercise Physiology Laboratory, Division of Kinesiology	2002 – 2006

### **The University of Texas at Austin**

<u>Teaching Assistant</u> Molecules to Organism, Department of Biological Science	2002
<u>Grading Assistant</u> Molecular Biology, Department of Biological Science	2000 – 2001

### **The Seoul National University, Seoul, Korea**

<u>Teaching assistant</u> The Department of Physical Education	1995 – 1997
<u>Lecturer</u> The Department of Physical Education	1998 – 1999

### **Employment:**

#### **The Seoul National University, Seoul, Korea**

The Department of Physical Education <u>Administrative assistant (National officer)</u> The College of Education	1997 – 1998
--	-------------

### **Professional Activities:**

American College of Sports Medicine (ACSM)	2003 – 2006
Biophysical Society	2007 – present
American Heart Association	2008 - present
Cardiac Muscle Society	2010 – present

### **Research Programs:**

1. 'Role of highly reactive lipid aldehyde in arrhythmia susceptibility after acute myocardial infarction'. 12SDG12050597 (American Heart Association), **PI: Hwnag, Hyun Seok**, 07/2012-03/2017.
2. 'Hyperglycemia-induced oxidative stress on cardiac excitation-contraction coupling', First Year Faculty Award (Florida State University), **PI: Hwang, Hyun Seok**, summer, 2016.
3. Quantification of  $\gamma$ KA-protein and  $\gamma$ KA-PE adducts in human ischemic heart. VICTR (Vanderbilt University), **PI: Hwang, Hyun Seok**, 09/2012 – 03/2013.
4. 'Role of  $\gamma$ -ketoaldehydes in oxidant-induced sarcoplasmic reticulum  $Ca^{2+}$  leak'. 09POST2240022 AHA Postdoctoral fellowship (American Heart Association), **PI: Hwang, Hyun Seok**, 07/2009-06/2011.

5. 'Mechanisms of hawthorn-induced alterations in LV remodeling during pressure overload-induced heart failure', Rackham Graduate Student Research Grant (The University of Michigan), **PI: Hwang, Hyun Seok**, 01/2007 -04/2007.
6. 'mTOR signaling in cardiac hypertrophy' Doctoral student research grants (American College of Sport Medicine/NASA), **PI: Hwang, Hyun Seok**, 10/2004 – 04/2006.

## Research Activity:

Principal Investigator in Cardiac Anthemia in Exercise Lab

2015 - Present

## Publications and Presentations:

### Articles in refereed journals:

7. **Hwang, Hyun Seok**, Mechanism and treatment of calcium triggered arrhythmia Department of Internal Cardiology, Yonsei University School of Medicine, April 2014.
8. **Hwang, Hyun Seok**, Role of gamma-ketoaldehyde in oxidant-induced sarcoplasmic reticulum calcium leak Clinical Pharmacology, Vanderbilt University School of Medicine, October 2011.

### **Professional Services:**

Korean Heart Rhythm Society Symposium

- Invited Judge, Young Investigator Award Competition November 2015

Korean United States Applied Physiology Society

- Board Member 2005 - present

Invited Reviewer, Frontiers in Physiology

September, 2016

Invited Reviewer, Oxidative Medicine and Cellular Longevity

March, 2017

### **Teaching:**

Courses Taught

- Advanced Topics (PET6931); Cardiac Physiology
- Functional Anatomy and Physiology II (PET3323C)
- Functional Anatomy and Physiology I (PET3322)
- Graduate Seminar (PET6930, HUN6930)

Hyun Seok Hwang, PhD. Assistant Professor

- Undergraduate Level Supervised Research (HUN4905)
- Masters Level Directed Individual Study (HUN5906)
- Doctoral Level Directed Individual Study (HUN6906)
