

FLORIDA STATE UNIVERSITY

COLLEGE OF EDUCATION

ASSISTANT PROFESSOR IN SPORT PSYCHOLOGY

DEPARTMENT:

The Department of Educational Psychology and Learning Systems invites applications for a tenure-track position within the Department's Sport Psychology program. The Department aims to advance knowledge in the design, development, evaluation, and delivery of effective learning systems and interventions that enhance the intellectual, emotional, social, and physical growth and performance of individuals throughout the life-span and across cultures. Applicants for this position should have a strong program of research and scholarship in sport or exercise psychology. For information about the program, see <http://education.fsu.edu/degrees-and-programs/sport-psychology>.

QUALIFICATIONS:

Candidates for this position should have an earned doctorate in sport psychology, related areas of psychology, and/or kinesiology. Stronger candidates will have prior faculty experience in a sport psychology program. Being an Association for Applied Sport Psychology Certified Consultant, and having applied sport psychology supervision experience in the athletic domain are desired. Candidates should demonstrate a strong commitment to research/scholarship, teaching, and should show evidence of experience with or willingness to seek external funding for their program of research.

RESPONSIBILITIES:

The individual hired will be expected to (a) maintain an active research agenda, including the pursuit of appropriate sources of external funding for their work; (b) provide supervision of applied sport psychology practicums; (c) mentor masters and doctoral students in Sport Psychology, and teach related courses; (d) be involved in curriculum development for the program in Sport Psychology; and (e) contribute to department and university growth, as well as the professional community for sport psychology through appropriate service activities.

OTHER INFORMATION:

This is a nine-month, tenure earning position at the assistant professor rank, with possible summer employment. The anticipated start date for this position is August, 2017 (beginning of fall semester 2017). Rank and salary will be commensurate with an individual's experience.

CONTACT INFORMATION:

For further information about this position, please contact Dr. Gershon Tenenbaum (gtenenbaum@fsu.edu, 850-339-8011) or Dr. Graig Chow (gchow@fsu.edu, 850-645-2909), Sport Psychology Search Committee Co-Chairs, Department of Educational Psychology and Learning Systems, College of Education, Florida State University, 3207 Stone Building, Tallahassee, FL 32306-4453, Fax 850-644-8776.

HOW TO APPLY:

If qualified and interested in this position, apply to Florida State University at <http://www.jobs.fsu.edu>. Applicants are required to complete FSU's online application, including all education details, and to attach a vita. Review of applications will begin January 9, 2017 and will continue until the position is filled. *Transcripts, work samples, and three letters of recommendation will be required of candidates selected for a campus interview.*

The Florida State University is an equal employment opportunity employer and educational provider committed to a policy of non-discrimination for any member of the University's community on the basis of race, creed, color, sex, religion, national origin, age, disability, veterans' or marital status, sexual orientation, gender identity, gender expression, or any other protected group status. This policy applies to faculty, staff, students, visitors, applicants, and contractors in a manner consistent with applicable federal and state laws, regulations, ordinances, orders and rules, and University's policies, procedures, and processes.

Established in 1905, the Florida State University College of Education is the oldest College of Education in Florida, having provided education to the best and the brightest for well over a century. Our history is entwined with that of Tallahassee and we are proud of our heritage and the contributions our distinguished alumni have made all over the world. The innovation and progressive environment at the College of Education is exemplified in the technology and facilities available to our students. Most notable is the Stone Building, which houses classrooms and lab areas outfitted with the latest technology and multimedia devices to enhance teaching and learning. Tallahassee as a community is a vibrant mid-size city with opportunities for government internships and legislative initiatives as well as cultural events, shopping, dining and outdoor activities. As a community, Tallahassee also is located near the gulf beaches of Florida and enjoys abundant sunshine and a mild winter climate.
