RE: Degree Program Planning for Master’s Students

Welcome to the College of Education!

These materials are designed to assist you in planning the work for your degree, including your academic program of study.

The first thing you are advised to do is become thoroughly familiar with the University Graduate Bulletin. The sections that you should be most concerned with are the portions dealing with Graduate Studies and the College of Education. In addition, consult with your advisor/major professor to obtain information about department policies and requirements and follow the directions for planning your degree program. If you have any questions regarding this information, contact the College of Education (COE) Co-Director for Graduate Studies, Lisa Beverly at beverly@fsu.edu or (850) 644-3760.

Deadline dates are online at http://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students and https://registrar.fsu.edu/calendar/. You are advised to check the OASIS and Registrar’s Office websites frequently as deadlines and dates are subject to change.

It must be emphasized that preparing and following a correctly planned degree program is the responsibility of each graduate student. The major professor, committee members, and the others are eager to give all assistance possible, but the responsibility rests with the student.
1. **Major Professor:** At the earliest opportunity, the student should follow the convention of the major department or college to identify the major professor, who will serve as the student’s adviser and supervisor. Designation of the major professor requires the mutual consent of the student, department chair, and professor involved. The major professor must hold Graduate Faculty Status (GFS) or Co-Directive Status.

2. **Supervisory Committee:** A master’s degree supervisory committee must be designated for all thesis students and may be designated for non-thesis students at the option of the department.

   Thesis students and students in academic programs that require a supervisory committee: The supervisory committee should be formed within the first semester. When selecting the members of your supervisory committee, students need the consent of the major professor. The Master’s supervisory committee consists of a minimum of 3 members. Two members, including the major professor, must be from the major in which the student will receive a degree. The third member may be from the major department or another department within the college.

   The supervisory committee for thesis students must consist of a minimum of three members of the faculty who have Graduate Faculty Status, one of whom is designated the major professor. All additional members of the committee must hold Graduate Faculty Status or (in the case of specialized or non-tenure track faculty) Co-Doctoral or Co-Master’s Directive status.

3. **Program of Study:** A signed program of study must be submitted to The Office of Academic Services and Intern Support (OASIS) by the end of the second semester of enrollment. It is necessary to list the semesters and years courses were taken in chronological order (past to present) to determine that university, department, and college requirements will be met. Program of study templates may be found at [https://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students](https://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students).

   It is the student’s responsibility to make sure that he/she has met all degree requirements.

4. **Program Type:** There are two (2) types of Master’s degrees in the College of Education, the coursework track and the thesis track. Coursework track programs typically culminate with a Master’s Comprehensive Exam or Portfolio Defense in the final semester. Thesis track programs include credited thesis hours and culminate with a thesis defense in the final semester.

5. **Minimum University Semester Hour Degree Requirements:**

<td>30 graduate level hours total</td>
<td>30 graduate level hours total</td>

6. **Limitations:**

   a) Credit earned more than seven (7) years prior to graduation may not be used towards the degree.

   b) Credit earned as a non-degree seeking student does not carry graduate degree credit. However, if approved by a student’s supervisory committee, up to 12 semester hours of non-degree seeking student credit graded “B” or better may be used. It is the student’s responsibility to list such non-degree seeking student credit on the program of study.
MASTER’S DEGREE

c) A maximum of six (6) semester hours of transfer credit may be used towards a graduate degree. Departments will evaluate all transfer credit. It is the student’s responsibility to list such transfer credit on the program of study and to provide an official transcript from the institution(s).

d) Please NOTE: No student may be awarded more than 12 hours of combined non-degree student and/or transfer credit. This means that a student wishing to post 6 hours of graduate credit, which has not been posted under a previous degree, can be awarded no more than 6 hours of non-degree student credit.

e) Credit hours for courses graded below “C-“ will not apply toward the degree, but are computed in the graduate GPA.

a) A maximum of 6 hours of 4000 level credits may be included in the program of study. Undergraduate level coursework cannot be used to meet the College of Education minimum graduate hours requirement or the minimum graduate GPA.

f) Supervised research credit: maximum 3 semester hours.

g) Supervised teaching credit: maximum 3 semester hours.

6. Teacher Certification: If you are seeking teacher certification upon completion of a degree program which provides these requirements, you must submit a Graduate Application for Admission to Educator Preparation to the Graduate Director, 2301 Stone. See http://education.fsu.edu/student-resources/student-academic-services-oasis/for-graduate-students for an application.

7. Master’s students must register for and successfully complete either the Master’s Comprehensive Exam, Master’s Portfolio Defense or Master’s Thesis Defense in order to graduate.

8. Thesis Defense: (See Thesis Track Final Term Checklist)

9. Graduation: Apply online for graduation at http://registrar.fsu.edu/graduation/checklist prior to the application deadline of the semester in which graduation is planned. The forms can be found at [http://gradschool.fsu.edu/academics-research/thesis-treatise-dissertation/manuscript-clearance-formssurveys](http://gradschool.fsu.edu/academics-research/thesis-treatise-dissertation/manuscript-clearance-formssurveys).
MASTER'S DEGREE

**Thesis Defense:** The defense of the thesis will be oral. Responsibility for suggesting the time, designating the place, and presiding at the defense rests with the major professor. It is recommended that students defend no later than the eighth week of classes in the semester of intent to graduate. Students must meet all manuscript and forms deadlines set by The Graduate School in the semester of graduation.

Academic courtesy requires that the final draft of the thesis be submitted to each member of the supervisory committee at least four weeks before the date of the oral examination. At the same time, the dissertation should be submitted electronically to the University manuscript clearance advisor in The Graduate School so that the clearance advisor can provide the student with a critique of the manuscript with respect to The Graduate School’s formatting requirements.

The supervisory committee, department chair, and other members of the faculty as may be appointed by the academic dean will conduct the defense. All members of the graduate faculty are invited to attend. At least two weeks prior to the date of the examination, the student must present an announcement of the dissertation title and the date and place of the examination to The Graduate School. The defense date must be submitted electronically to The Graduate School and will be posted on the Defense Calendar on The Graduate School’s Web site.

All committee members and the student must attend the entire defense in real time, either by being physically present or participating via distance technology. Individual departments may impose stricter requirements on physical attendance, e.g., all members must be physically present.

The oral examining committee will certify the results of the examination: passed, failed, or to be reexaminated. The report of results following a re-examination must indicate the student either passed or failed. To receive a passing grade, the written dissertation must be in final form or require only minor revisions at the time of the defense. A grade of PASS for the defense of dissertation requires at least a majority approval of the committee. Individual departments may impose stricter requirements for what constitutes a grade of PASS.

The final manuscript, approved by the supervisory committee, must be electronically submitted to The Graduate School via the UMI/PQIL (ProQuest) Web site. Students are required to submit the final manuscript by the last day to submit for pre-defense format review in the semester of graduation or within the 60-Day Deadline, whichever is earlier. All manuscripts must be cleared **within sixty days after a successful defense** or the student must re-defend. If a student defends early in the semester of graduate, or in a semester prior to graduation, the manuscript clearance deadline that applies is the sixty-day deadline.

Following the thesis defense, the student must submit a Manuscript Signature Form and Final Term Degree Clearance form to OASIS*. The forms can be found on [http://gradschool.fsu.edu/academics-research/thesis-treatise-dissertation/manuscript-clearance-forms-surveys](http://gradschool.fsu.edu/academics-research/thesis-treatise-dissertation/manuscript-clearance-forms-surveys). *Subject to change with the implementation of the online manuscript clearance portal.
